ISAMPAL
DEPUTY COMMISSIONER

F.DO/2015/KVS(BPL)

Dated: 16/06/2015

Dear Teachers,

Welcome back to your duties as usual on June 22, 2015.

I am firm believer in your galvanizing power as teachers. Adopting right type of skills and tools you can bring 100% academic result to the organization. However, the real payoff comes when you gather skills and tools together and blend them into superb success, both in X & XII. Get you perform at the top of your academic game and you can generate the result as expected. In KVS, the objective is to achieve academic excellence coupled with your approaches to creating and sustaining innovative culture. What counts is your total score, your ability to regularly outperform the competition in the full range of daily tests that every organization faces.

You know it is important to succeed in life because it builds self esteem and empowers one to take on challenges and have positive outcome. Beginning has been made when you have all created big success in Class X, with only two exceptions. It is the real childhood you have gifted to your children who have succeeded. I congratulate you for having recognized the heart and mind of children and bestowed on them the gift of success.

However, in Class XII only 8 KVs, namely Bhopal No. 3 (I & II shift), Barwaha, Pachmarhi, Mungaoli, Shivpuri, Karera and Narmadanagar have done it with 100% pass result. And 5 KVs, viz., Khargone, Ratlam, Seoni Malwa, Itarsi No. 1 and Mandsaur have fared as low as 80's in percentage. The rest all 20 KVs have performed into 90's (result uploaded on website). While congratulating those of you having performed 100% pass results, I must tell to the rest that results are intricately tied to the structure of our abilities to be focused and initiating goals well defined. To get good result we should authentic the strong sense and passion for achieving. Most importantly, we have to be strategic in approach. The best strategy successfully experimented over the years is the '**academic adoption**' of the slow learners. I request you to do it right away, and the performance at the board examination shall amaze you.

Besides, I request you to recreate yourself for forging a new identity of outstanding performer that commands increased attention and respect. Incorporate our ideas into your own academic gestures & actions, and your image which is one of your own making shall be enhanced and your character will seem larger than life. Let every child you teach feel that there is one thing about you that you are going to live your passion, and there is absolutely no room for compromise on this point. Carry yourself proudly and show enthusiasm in all of your waking hours. Be passionate about all of your activities, and keep reminding yourself that you will never elect apathy or ennui. By refusing to concede this point, you will become a model for others to live out their lives in-spirit.

I wish you to shine ever so brightly for those under your care and find contentment that lasts.

I am planning felicitation for those of you as well as principals who have produced outstanding results, coinciding it with the ensuing Principals' conference, tentatively scheduled for July 13-14, 2015. You can see the details of it on RO website.

Looking forward to see you,

Yours sincerely,

(Isampal)

The Teachers (Through Principals)
KVs of Bhopal Region

Copy to the Principal, KVs, Bhopal Region with the request to handover the copy of the DO to all teachers on 22/06/2015 itself (one copy to each), under intimation to this office.
