Dear Teachers,

Happy Christmas!

Success begins with the target set as advised that may seem impossible at times, but when that target is vigorously pursued and hard worked, it comes true. Once you get your target going you have to maintain momentum. You can't afford to stop along the way. The hardest thing to do in pursuing the target of success is to get it rolling from a standing stop. You have to do that now, beginning with this 20 day long winter break (please make best use of it).

Please remember that the world makes room for hardworking and committed people only like a fire truck with its light on or a police car with its sirens blaring, people may not know where they are going but they know they are off to something important. For the tenacious and hard working person there is always time and opportunity available. Don't be caught up out in the backyard looking for four-leaf clovers when opportunity knocks. When a person makes a decision to work hard, the facts don't count. The past doesn't count. The odds don't count. The only thing that counts is the decision to work hard. Dig for diamonds, don't chase butterflies. Life is too short to think small. Work and march off the academic map. Go where you have never gone before. Time is still there. Use it wisely otherwise it will pass you by and there shall be failures.

Please note that last child in the scoreboard can be a real winner, if given proper directions. You know that last key on the ring may be one that opens the door. Hanging on little longer than others can make him winner (that's why academic adoption is suggested). The world is full of such examples. I wish you to become popular for finishing this important task. Helping him succeed will result in God's richest blessing upon you for ever and ever.

You know you will be judged by what you finish, not by what you start. If you don't see the result right away don't worry. Carry on. God does not pay by hours, but He pays at the end i.e. March end examination.

Don't loose heart. Just carry on with vigorous efforts. 90% of all failures result from people quitting too soon. It takes the hammer of persistence to drive the nail of success.

Please note nothing brings greater joy to my heart than to see that every child succeeds. Now is the most important time to climb out of the grandstands and on to the academics.

Wish you Happy Christmas! You may celebrate this season for leveling up the low scorers who are equally interested in successful living. **Please do it and your life will change.**

I request you to send me the action taken report within three days through your Principals.

God Bless !

Yours sincerely,
